WORK EXPERIENCE

CAD Designer

Universal Solutions

06/2024 - Present

To provide top-tier CAD design services that empower our clients to bring their ideas to life with precision and confidence.

Achievements/Tasks

- Preparation of drawings, Bill of Materials (BOM), General Layouts and 3D Models.
- Working under a Project Manager to schedule departmental activities, focusing on team-based goal achievement.
- Estimating time for 3D modeling, assembly, and detailing; preparing quotations and cost estimations.

Junior Design Engineer

Taypro Private Limited

01/2024 - 06/2024

A manufacturing company of Solar Panel Cleaning Robot.

Achievements/Tasks

- Designed critical mechanical components of the robot, optimizing for efficiency and durability in varying environmental conditions.
- Spearheaded prototype development and testing phases, validating design concepts through rigorous testing protocols.
- Collaborated with cross-functional teams including electrical engineers and software developers to ensure holistic design alignment and functionality.

Graduate Engineering Trainee

Marks Pryor Marking Technology Pvt. Ltd.

06/2023 - 10/2023

A manufacturing company of Marking Machines.

Achievements/Tasks

- Utilized CAD software (AutoCAD, Solidworks) for the design and optimization of mechanical components.
- Assisted in the preparation of technical documentation and reports for project presentation.
- Provided crucial support to senior engineers in various projects, contributing to project milestones and deadlines.

EDUCATION

B.E in Mechanical Engineering

Bharati Vidyapeeth's College of Engineering
Lavale, Pune

07/2017 - 07/2020

CGPA: 7.69

Diploma in Mechanical Engineering

JSPM's RSCOE Polytechnic Tathawade, Pune

07/2017 - 07/2020

Percentage: 93.74

SKILLS

Solidworks

AutoCad

Project Management

CNC and VMC Operator

Python

PERSONAL PROJECTS

Automation of Indexing Head for Milling Machine (09/2022 - 05/2023)

- To automate the simple Indexing Head used for Gear cutting in Milling Machine.
- Tool Used : Mechanical components, Electronic components.
- Software Used : Solidworks and Python.

Fabrication And Mechanical Characterization of Flax-Ramie Reinforced Epoxy Composite (07/2019 - 05/2020)

- Fabrication of Flax-Ramie fiber reinforced polymer composite using bi-directional flax and ramie mat as reinforcing fiber and epoxy as polymer adhesive.
- Software Used : ANSYS, Solidworks.

ORGANIZATIONS

Mechanical Engineering Student Association (MESA) (07/2022 - 05/2023)

Event Management
